

The image features a background of a light gray wood grain pattern. The grain lines are wavy and run horizontally across the frame. In the center, the words "LEÑA BRAVA" are written in a bold, brown, sans-serif font. The letters are slightly shadowed, giving them a three-dimensional appearance as if they are floating above the wood grain.

**One dollar is included in the price of each bottle of wine to support The Frontera Scholarship Fund.**

*Rick and Deann Bayless and the Leña Brava team, in partnership with Kendall College, Chicago Public Schools and the Mayor's Office, offer a resounding thanks for helping us provide Mexican-American students the opportunity to attend culinary school through The Frontera Scholarship Fund. To increase the restaurant's support of culinary education for those who might not be able to afford it, we have included one dollar to the price of each bottle of wine—a dollar that will go directly to the scholarship fund.*

*Your donation really does make a difference. ¡Muchas Gracias!*

# Wines of the Valle De Guadalupe

## BAJA CALIFORNIA, MEXICO

*I am thrilled to present wines from the Guadalupe Valley! They are extremely limited in production, and are nearly impossible to find in the US. Overall, they tend to be lighter-bodied, softer in tannin and more fruit-forward than their counterparts grown in other regions of the world. Wines from this area have a very specific terroir as well, which may come across as slight salinity on the finish.—Jill Gubesch, Wine Director*

# RICK'S PICKS AGAVE FLIGHTS

Where tequila is Goliath, mezcal is the ingenious & resourceful David. Where tequila sings a gorgeous solo, mezcal rises with a thousand voices, each unique but blending into the glorious chorus of tradition. Where tequila rests comfortably in crystal decanters, mezcal is content wherever it's poured, always bringing its unique version of welcome happiness. Perhaps you'll follow the tune of mezcal's Pied Piper. Whichever, there's great adventures in store.

-Rick Bayless
